

Nepravidelná slovesa

Návod

Máte zde 19 nepravidelných sloves, sloveso *být* je v sadě dvakrát.

Každý dostane jeden sáček nebo jednu obálku. Nejsnadnější je, když v obálce je jenom jeden řádek. Rozstříhejte řádek na kousky.

Máte šikovné žáky? Do jedné obálky dejte řádků několik a nechte žáky přiřadit si slovesa k sobě.

Ať vaši žáci 1) odpovídají na otázky, 2) utvoří otázku z věty oznamovací.
